Admin:

- Provision to add/edit/delete slider images
- Provision to create/edit/delete content pages

Note:-

- All the contents, images, audios, videos and logo should be provided by the client
- Once website template design has been confirmed by the client, there will be no changes
- **Single Domain*, Unlimited hosting, SSL certificate for the website and Maintenance will be provided (only if we provide the domain and hosting)**
- Content should be in the text format
- **We will be working as per the SOW, changes should be mentioned before giving the confirmation**
- Except home and contact us page, the inner design layout will be same for all the middle pages (design confirmation will be taken only for the home, contact us page)
- We will update the limited content on the website and remaining content should be updated from the client end itself (training will be provided) (only for dynamic website)
- The images should be high quality and below 1MB
- Our Brand title in the footer will be mandatory

Technology: PHP will be used as the primary scripting language. My SQL as database, HTML, Javascript, JQuery & Ajax Plugins will be used wherever appropriate & feasible.

Hosting environment: PHP (version 7.3 or higher)

Supplement Features:-

- Up to 30 images, we can use which are given by the client
- Admin panel will be provided to manage the website content (only for dynamic website)
- 2 webmails will be provided (if we provide the hosting)
- **CMS training will be provided to manage the website content**
- We provide support if any hosting issue arise (we do not support third party hosting)

- We have analysed more than 10+ websites and prepared this SOW as per the latest design trends.
- We will develop the website as per the latest trends.

Sample Domain and Web Mail Names:-

- maheshpucollege.in (support@maheshpucollege.in, enquiry@maheshpucollege.in) (we can even change the account name later) (you can use professional mail's, instead of Gmail)
